

Let your imagination go wild in our creative play zone. These activity areas are ideal for both parent & child to spend some valuable time together, in a setting conducive to stimulate pretend play.

Read your child a book picked from our library or play tumble towers at the activity table. Your child can make imaginary Mac & Cheese for dinner whilst doing the washing in our play kitchen! Turn your child into a pretty princess or a rootin' tootin' cowboy in our wonderful dress up corner.

There are many more interactive opportunities at our new venue in Mount Lavinia, especially designed to keep the whole family entertained.
